

**FOURTH CORRECTIVE ACTION PLAN
ASSESSMENT**

of

CENTRAL FLORIDA RECEPTION CENTER – MAIN UNIT

for the

Physical and Mental Health Survey
Conducted July 11-12, 2023

CMA STAFF

Distributed on February 27, 2025

I. Overview

On July 11-12, 2023, the Correctional Medical Authority (CMA) conducted an on-site physical and mental health survey of Central Florida Reception Center (CFRC). The survey report was distributed on August 22, 2023. In September 2023, CFRC submitted, and the CMA approved, the institutional corrective action plan (CAP) which outlined the efforts to be undertaken to address the findings of the CFRC survey. These efforts included in-service training, physical plant improvements, and the monitoring of applicable medical records for a period of no less than ninety days. Items II and III below describe the outcome of the CMA’s evaluation of the institution’s efforts to address the survey findings.

Screen 16: The rationale for the emergency treatment order (ETO) is documented and clinically appropriate.			X		
Screen 17: The use of the ETO is accompanied by a physician's order specifying the medication as an ETO.			X		
<u>Mental Health Inmate Request:</u> Screen 4: The follow-up to the request occurs as intended	X				

IV. Conclusion

Until appropriate corrective actions are undertaken by CFRC staff, and the results of those corrections reviewed by the CMA, this CAP will remain open. As some of the necessary steps to correct findings require further institutional monitoring, closure may take as long as three months. Follow-up assessment by the CMA will most likely take place through an off-site evaluation.
