On February 7-9, 2023, the Correctional Medical Authority (CMA) conducted an on-site physical and mental health survey of Hardee Correctional Institution (HARCI). In April 2023, HARCI submitted and the CMA approved, the institutional corrective action plan (CAP) which outlined the efforts to be undertaken to address the findings of the HARCI survey. These efforts included in-service training, physical plant improvements, and the monitoring of applicable medical records for a period of no less than ninety days.
